a fashion show benefit for second step housing

CHANGING LIVES, BUILDING HOMES, BUILDING COMMUNITY!

For over 15 years, Second Step Housing has been working to help eliminate homelessness in our community. We believe in our mission, to foster self-sufficiency for at-risk women and families through building and rehabilitating affordable housing paired with community services.

Ending the cycle of homelessness has many steps: the first step is finding the strength to change a way of life; the second is seeking help through organizations like Second Step Housing. We believe everyone deserves access to a safe, decent place to live and that families should never have to choose between paying rent and buying food, quality childcare, or other basic necessities.

Our commitment, expertise, and dedication to our mission are proven to positively impact our community and change lives. Second Step Housing, along with partner agencies, is determined to expand programs and add more affordable housing units in Clark County. We are members of a coalition dedicated to the 10-Year Plan to End Homelessness, which includes a commitment to add at least 75 units of affordable housing stock to the community. By supporting Second Step Housing, you are helping us end the cycle of homelessness.
